PRESS RELEASE

Governor on surprise visits

The Governor of Arunachal Pradesh Shri JP Rajkhowa, who is in Guwahati on an official tour, paid a surprise visit to the under-renovation building viz. new State Guest House at Khanapara, Guwahati on 7th February 2016.

The Governor, who was accompanied by DJ Borah, DRC Guwahati and other officials posted there for liaison and coordination, expressed dissatisfaction on the arrangements made so far.

While emphasizing the importance of the facility at Guwahati, which is the Gateway of North East region, the Governor said that it should cater the need of the common people of Arunachal Pradesh, who mostly come for medical or educational related issues. The project should be expedited and complete within the time frame and also with adequate amenities.

The Governor directed the concerned officials for regular inspections and monitoring and details should be sent to Raj Bhavan regularly. At the same, the Governor assured all assistance to address the bottlenecks in progress of the project.

Later the Governor also visited the Deputy Resident Commissioner's Office, Guwahati and found it in a very shabby condition. He was surprised to see the basic electrical fittings missing, giving excuse of paucity of fund. He directed the DRC to refurbish the office immediately.

The Governor said that it is the epicentre of coordination and liaison as many tourists and guests come for Innerline Permits. It should reflect the State.

PRO to Governor
Arunachal Pradesh
