Press Communiqué

Governor participates in World TB Day observation

The Governor of Arunachal Pradesh Lt. General KT Parnaik, PVSM, UYSM, YSM (Retd.) participated in the World Tuberculosis Day observation by attending the One World TB Summit 2023 at Varanasi through virtual participation on 24th March 2023. Prime Minister Shri Narendra Modi addressed the Summit.

The Governor appealed to the people of Arunachal Pradesh to put in a concerted effort to realize the ambitious goal of 'TB Mukht Bharat' by 2025. He said that it should be a 'Jan Andolan', i.e. people's movement and not just confined to medical officials.

The Governor also exhorted the people to adopt TB patients and provide financial contributions to support dietary requirements of TB patients as prescribed under the 'Pradhan Mantri TB Mukht Bharat Abhiyan'. A small contribution towards social causes today will go a long way in making Arunachal Pradesh Tuberculosis free, he said.

PRO to Governor
Arunachal Pradesh
ITANAGAR, March 24, 2023
