Press Communiqué

Governor urges the public to unite in supporting the commitment of Prime Minister Narendra Modi's goal to eliminate tuberculosis from India by 2025, ahead of the global TB-related Sustainable Development Goals (SDGs) target of 2030

Governor adopts two TB patients from Lower Dibang Valley District

Governor encourages health officials to promote healthy lifestyles, raise health awareness, and leverage technology for better analysis and planning

The Governor of Arunachal Pradesh, Lt. General KT Parnaik, PVSM, UYSM, YSM (Retd.), visited the District Hospital, Roing, Lower Dibang Valley District on 27th October 2024. During his visit, he toured different wards of the Hospital.

As part of his ongoing commitment to eradicate tuberculosis in the state, and in his role as a Nikshay Mitra, the Governor adopted two TB patients from Lower Dibang District. The Nikshay Mitra initiative provides TB patients with nutritional, diagnostic, and vocational support. The Governor presented food baskets to the patients he adopted.

Interacting with Lower Dibang Valley District MLAs Shri Mutchu Mithi and Shri Puiunyo Apum and health officials, the Governor highlighted Prime Minister Narendra Modi's goal to eliminate tuberculosis from India by 2025, ahead of the global TB-related Sustainable Development Goals (SDGs) target of 2030. He urged the public to unite in supporting this commitment.

The Governor encouraged health officials to promote healthy lifestyles, raise health awareness, and leverage technology for better analysis and planning. He also praised the dedication of doctors, nurses, and paramedics in driving social reforms within the health centers, embodying the ethos of "care and share."

Dr. Saga Migri, District Tuberculosis Officer briefed the Governor on TB and health issues in the district.

Deputy Commissioner Smti Soumya Saurabh and Superintendent of Police Shri Tumme Amo were present during the visit.

PRO to Governor
