Governor, Ministers participate in AI Tools application presentation

Automation is imperative for good governance: Governor

Arunachal Pradesh can move towards becoming Viksit Arunachal by building a strong foundation based on AI integration: Governor

Governor urges ministers and senior officers to prioritize bottom-up automation, starting from the district level

The Governor of Arunachal Pradesh, Lt. General KT Parnaik, PVSM, UYSM, YSM (Retd.), participated in a PowerPoint presentation on the application of Artificial Intelligence (AI) tools at Raj Bhavan, Itanagar, on 30th April 2025.

The Governor emphasized that automation is imperative for good governance, stating that adopting AI tools can significantly enhance efficiency in record-keeping, data analysis, and real-time planning. He reiterated Hon'ble Prime Minister Shri Narendra Modi's vision of a Viksit Bharat (Developed India) through the strategic use of technology. He underscored that Arunachal Pradesh can also move towards becoming Viksit Arunachal by building a strong foundation based on AI integration.

Highlighting the benefits of AI, the Governor said that the best part about AI tools is the speed and accuracy with which they deliver results. He further observed that while individual departments are functioning efficiently, challenges persist in inter-departmental coordination. Technology can help analyze, plan, and address these gaps, he said, stressing the need for structured, tech-enabled governance.

The Governor also pointed out specific areas where AI tools can make a tangible impact, such as in anti-drug operations, real-time monitoring of infrastructure projects, particularly road development, and in enhancing administrative oversight.

Drawing from his experiences during district tours, the Governor urged ministers and senior officers to prioritize bottom-up automation, starting from the district level. As an enabler, I will continue my mission to promote automation, he affirmed.

State Ministers, Shri Gabriel D. Wangsu, Smt Dasanglu Pul, Shri Balo Raja, and Shri Kento Jini, along with Commissioners and Secretaries from the Departments of Education, Information Technology, Tourism, and Planning, attended the presentation conducted by Shri Abhinav Varma Kalidindi, founder and CEO of IKONZ, Hyderabad.

PRO to Governor
Arunachal Pradesh
